

NOTICE TO SPECTATORS AND PARTICIPANTS OF SPORTING EVENTS IN PUBLIC PLACES

In collaboration with the sporting associations of the West Island, the Police Service would like to inform you that the municipal by-laws and statutes must be respected by those attending events in all public areas.

In this regard, here are some of the by-laws which apply to all public places including parks, sporting fields and arenas. Spectators who cause a nuisance in a public place are liable to face fines over \$ 100 or may even face criminal proceedings as follows:

Whoever disturbs the peace by:

- Swearing, causing uproar, or by being implicated in a verbal or physical altercation;
- Possessing or consuming alcohol without authorization;
- Being found in a state of intoxication by alcohol or drugs.

Police officers will make periodic visits to sporting venues to assure public order.

Your local police fully appreciate that the majority of spectators and participants are law abiding citizens. As such, we hope that good behaviour will prevail in order to allow our young athletes to safely enjoy themselves in an atmosphere of sportsmanship.
